

Buy Master Chef SA wines from Woolworths

In a collaboration between Nederburg and Woolworths, the chain store will sell two exclusively blended wines during the reality cooking show series MasterChef South Africa.

Nederburg's cellar master Razvan Macici and Woolworths' wine selector Allan Mullins worked closely on conceiving and styling the two new offerings - a Grenache and Sauvignon Blanc/Chardonnay blend.

An excellent partner

The Grenache makes an excellent partner to savoury tapas and red meat dishes, as well as grills, roasts and casseroles and the white pairs well with seafood, poultry and pastas made with creamy sauces.

Both new wines will be sold for the duration of the MasterChef SA series, broadcast on M-Net from 20 March 2012 for 18 consecutive weeks. The chain store is also carrying four of the estates' Winemaster's Reserve wines for the duration of MasterChef SA. These are the Sauvignon Blanc, Chardonnay, Cabernet Sauvignon and Merlot. The reds sell for R59 and the whites for R49.
