4 Nov 2019

Discover the art of diamond cutting with The Diamond Works Enhanced Sparkling Tour Experience; including a complimentary glass of South African sparkling wine or juice on arrival and a guided workshop tour.

The tailored design service allows you to design your very own bespoke piece of jewellery; print a CAD generated wax replica before goldsmiths manufacture your original piece.

Tanzanite, 1000 times rarer than diamonds and considered the Essence of Africa is carefully transformed through the polishing boutique, a unique experience that provides the only operating studio within the Southern Hemisphere, open to the public.

Discover Huguenot Chocolates, an added regional favourite, offering Belgium Chocolate enhanced with a sparkling South African flavour – MCC truffles and a variety other handcrafted speciality chocolates and confectionary.

Connect with the work space boardroom available to travel partners as a complimentary value add; host meetings, presentations or simply work within the space and take advantage of the added wifi service – bookings are essential.

The 814 sqm showroom leads diamond experience within South Africa and offers curious travellers the best premium diamonds and tanzanite in the world.
