

# Brett Hoppé to lead Time Square development

Sun International's flagship property, Time Square, will be steered into completion by Brett Hoppé, the previous general manager of The Boardwalk Casino, Port Elizabeth and Sun City, North West.

With 26 years of operational, gaming, marketing and business experience, Hoppé has previously held positions within Sun International's head office, which included director of sales and marketing between 2007 and 2008, during the development of the Port Ghalib Resort for the M.A.Kharafi Group in Marsa Alam, Egypt.

The Time Square opens in April in Menlyn, Pretoria and will house a state of the art casino, hotel, conference facility centre, restaurants and retail outlets.
