

Loeries exhibition back in Johannesburg

The [Loeries](#) Awards Travelling Exhibition arrives in Johannesburg on Tuesday, 31 May 2011, where it will be visiting the AAA School of Advertising until 4 June. It will coincide with the school's first Open Day on 4 June, which will give scholars, parents and the ad industry an opportunity to see the best brand communication work of 2010, as well as AAA student work at the Randburg campus. In line with the educational facet of the exhibition, sponsor Adobe will be offering a free 'deep dive' workshop on features available in Creative Suite 5.
