

## Altron joins Nokia in channel partnership agreement

Allied Electronics Corporation Limited (Altron) has been made a part of the Nokia global partner programme after it entered into a channel partnership agreement with Nokia. Altron is to market, distribute and service Nokia's network solutions portfolio to enterprise and public sector customers as a direct reseller and systems integrator.

Nokia's solutions portfolio includes IP/MPLS, secure optical transport, RAN, microwave, fixed networks, passive optical LAN (POL) and flexible access technologies based on copper, fibre and wireless through RAN/wifi/small cell.
