

GuestRevu picks up a pair of Hotel Tech Awards

GuestRevu picked up a pair of awards at the 2020 Hotel Tech Awards. The guest feedback and reputation management system was named the Best Reputation Management Software and Best Guest Surveys Provider for 2020.

The content of the reviews along with factors such as global presence, customer support accessibility and partner recommendations are considered when selecting that companies would be named the best suppliers in hospitality technology. Reviews on the Hotel Tech Report platform are anonymised, and therefore not associated with specific individuals or properties.
