

INTERNSHIP OR EXPERIENTIAL TRAINING

I will be currently registered for 3rd year in BSS (Management & Communication Studies) at the University of KwaZulu Natal (Howard) Durban, and I feel that my qualification would be suitable for the position regarding Marketing or Communications and advertising. If there is a chance that you might offer me an experiential training, it will help me to prepare for the work environment.

Although I have limited experience working in the field, I have worked as an FNB CREW promoting student lifestart card.

Should you wish to contact me for an interview I can be reached at cell number: 071 095 4709 OR EMAIL: 206507947@ukzn.ac.za
