

## Pay-TV network introduces Discovery World

GTV, the pay-TV network with a presence in a number of African countries, is launching *Discovery World* on its service on 10 November. Viewers will be treated to a selection of rich, colourful and high quality factual programming from around the globe in a compelling mix of history, culture, real life stories, investigation and mystery. It will kick off on the TV channel with the premiere of acclaimed documentary *Expedition Alaska* in search of the most extraordinary wildlife in one of the most breathtaking landscapes on Earth - the Arctic National Wildlife Refuge. Other series include *James Bond - A True Story*, *FBI Files* and *How Not to Become Shark Bait*, which follows a host of experts experimenting with one of the world's most mysterious and deadly sea predators.
