

Shoprite Group honours its top suppliers

The Shoprite Group's annual Supplier of the Year Awards recognises the company's top suppliers and the valuable contribution they make to the success of the Shoprite Group. Some 20,000 companies in 47 countries do business with the Group, which in the last year sold 7.6 billion items to 35 million customers in its 2,800 stores in throughout Africa.

"The focus remains on building long-term, collaborative relationships with small and large suppliers, many of whom have been supplying to the Group for years. This annual award ceremony, which the Group this year hosted for the 19th time, is one of the ways in which these relationships are maintained," says the company.

Finalists in ten product categories were evaluated on criteria such as the extent to which they had contributed towards the retailer's growth and improved earnings, their stockholding and service levels, the efficiency of their administration processes, and the manner in which they provide support at store level i.e. the frequency of merchandiser visits to the stores.

The 2018 winners in each category are:
