

Look: WeBuyCars transforms the Ticketpro Dome into a super showroom

WeBuyCars has opened the doors of the WeBuyCars Dome in Northgate, Johannesburg, a new super-showroom capable of accommodating more than 1000 vehicles. The Dome was bought by WeBuyCars in July this year after it was first announced that it was sold to an unknown buyer.

“This is a hugely exciting chapter for WeBuyCars, and we will mark this milestone site with a grand opening on 23 March 2022 which will be an event celebrating the WeBuyCars Dome’s opening. For now, a soft opening makes more sense considering the current state of Covid-19 cases in the country, specifically within Gauteng. Fortunately, we are already trading, and our doors are open with only a few finishing touches and minor renovations to be completed. By Friday, 17 December, we will be fully operational. As with any of our other branches nationwide, we continue to encourage consumers to buy, sell, trade-in, finance and insure their vehicles at our brand-new location,” says Faan van der Walt, WeBuyCars CEO.

WeBuyCars revealed as buyer of sold Ticketpro Dome

20 Jul 2021

As the WeBuyCars Dome will officially be the largest used vehicle showroom in Africa, prospective customers can expect a full range of services and some impressive add-ons at the company’s newest branch, including the buying of used vehicles, the selling of used vehicles, online vehicle auctions, in-house financing, insurance solutions and more. Additionally, the showroom will house a kids play area and a newly built WeCafé where customers can recharge their batteries and even enjoy a meal.

WeBuyCars has ensured that all necessary Covid-19 health and safety precautions have been put in place. The safety of WeBuyCars customers and staff is grounded within the company's purpose and will always remain its top priority. Therefore, strict health and safety precautions have been implemented to protect visitors and staff against Covid-19. Every individual will have to adhere to strict social distancing rules within the WeBuyCars Dome and wearing a mask will be mandatory. Customers can also expect to have their temperatures taken and their hands sanitised upon arrival.
