

Chuck'd out with Collective Energy

Collective Energy Film Productions hosted the event of the year for the Cape Town advertising industry, on 5 April at Café Caprice in Camps Bay.

Being the first of many annual parties, Collective Energy decided on a Chuck Norris theme, and were even able to get Chuck to make a "life sized" appearance. With prizes for the best Chuck one-liner, hard-hitting "Round-house kick to the face" shooters and guests clamouring to get their photos taken with the famous Texas Ranger, a great time was had by all.
