

Helix cork concept achieves success at 2017 IPSA Goldpack Awards

The Helix cork concept, which is produced by Consol Glass in South Africa, has received two gold awards at the Institute of Packaging SA (IPSA) Gold Pack Awards.

Helix won gold for 'Best in Beverage' and 'Best in Glass'. The IPSA Goldpack Awards recognise excellence in packaging every year.

The Helix cork is a twist-to-open cork stopper with an airtight seal that requires minimal effort to open.
