

Celebrating sustainable African growth

On 7-10 May 2017, the [Consulting Engineers South Africa](#) and [Group of African Member Associations of FIDIC](#) presented the 24th Annual FIDIC-GAMA Conference at the Cape Town International Convention Centre in Cape Town. Considered one of the biggest network events for African consulting engineers, the FIDIC-GAMA Annual Conference provided a platform for consulting engineers and government officials to share ideas on best practices.

Click through for more [here](#) on how engineers can help co-create a better Africa.
