Primedia Broadcasting has announced its new rates, effective 1 September 2022. As the consistently innovative and vibrant industry leader, Primedia Broadcasting continues to offer high reach, contextual solutions, and proven audience engagement.

“Across our rich multi-channel platform which includes 947 and 702 in Gauteng, with Kfm 94.5 and Cape Talk in the Western Cape, and award-winning news platform EWN, Primedia Broadcasting offers advertisers the most diverse audiences, across multiple audio, video, and digital channels, at the best rates,” says Lindile Xoko, group revenue officer, Primedia.

“Media has the ability to effectively influence the hearts and minds and shape conversations of our diverse audiences. This has been our experience since the early days of broadcasting, and it is even more pronounced in the current advertising landscape,” Xoko says.

With the market recently easing out of the various constraints imposed by Covid-19, Primedia Broadcasting is excited to offer this stimulus to lagging economic activity.

“In this tough economic climate, Primedia Broadcasting continues to offer value for each marketing rand, with the best return on investment,” says Xoko.
